## Be Inspired

The Trinity College INSPIRE program enables students to reach their full potential, raising aspirations and expectations. With a focus on individualised strength-based mentoring and development. The strengths-based approach is collaborative, holistic, individual/person centered, and focuses on identifying individual and community strengths and supports the individual in connecting with them. Students who choose to accept their invitation will be challenged to 'be more', provided with a wealth of opportunities and exciting possibilities and assisted to achieve their goals.

## Be Inspiring

Students who complete the INSPIRE program will become our leaders of the future. The holistic program will enable participants to develop their academic self-advocacy, self-awareness and development, able to balance social and academic commitments, making a number of valuable connections both within and outside of the College. The skills acquired through the program will boost students academic potential and increase their awareness of and ability to choose between different pathway options.
